FOR HERITAGE NGOS & COMMUNITY ORGANISATIONS

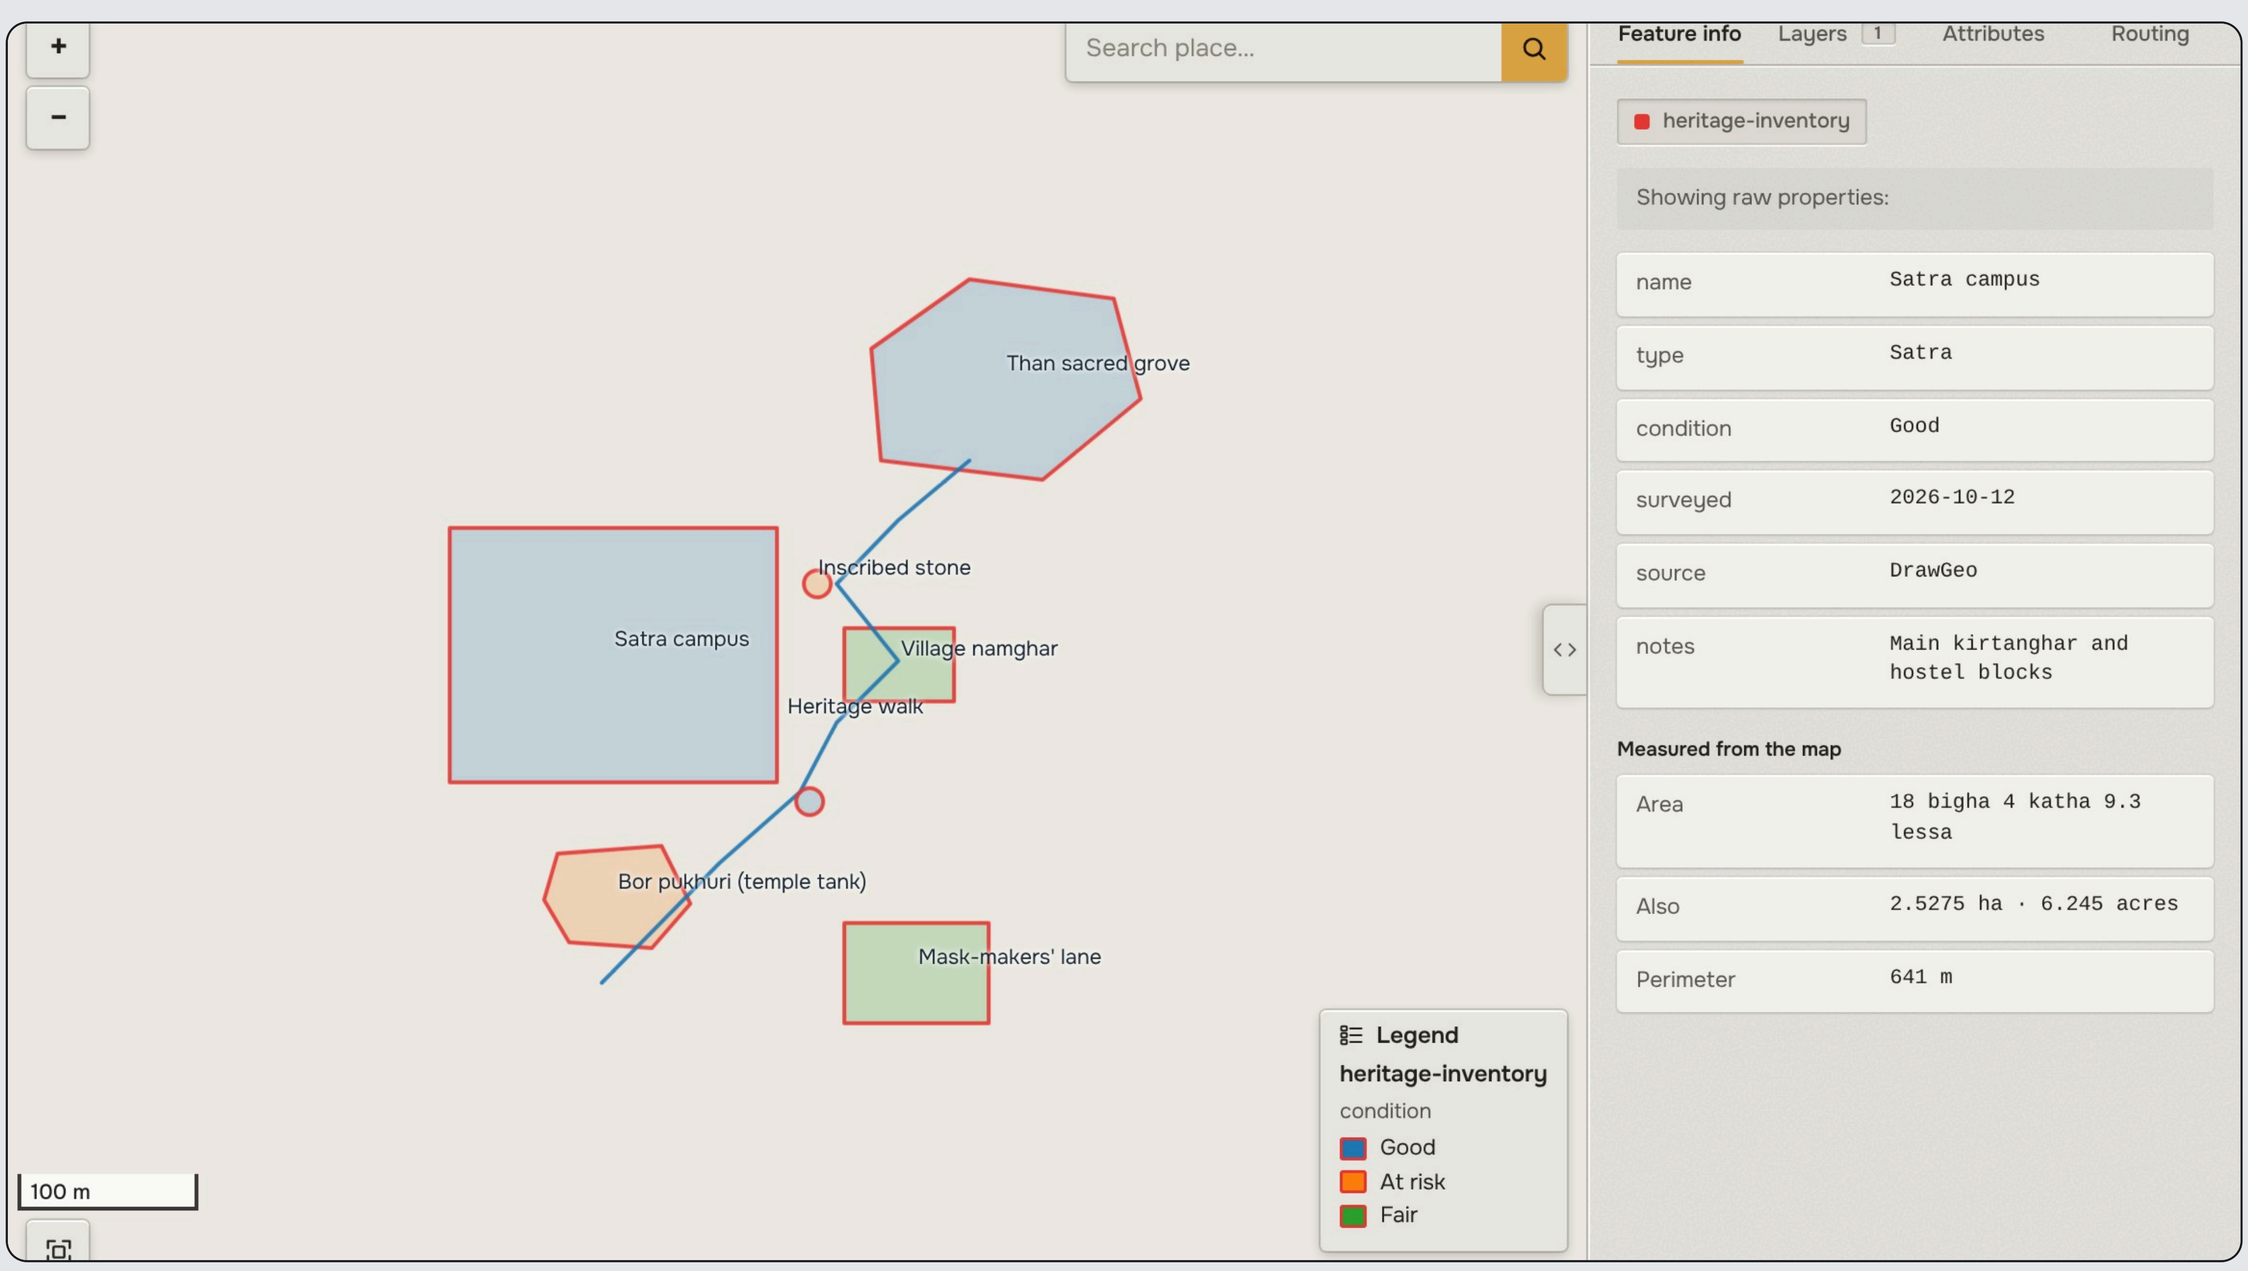

Free web app · v3.5.0

GeoViewer

All your field data on one map

One map for everything your team collects.

Open GeoJSON and KML from DrawGeo, GeoCam, GeoTag, DynaForm PDF or Google Earth, colour it by what matters, and print a map for the meeting.

A sample heritage inventory coloured by condition (basemap hidden); the satra's area is in bigha, katha and lessa

01

Read the data, not just the map

Colour by any field, with a legend and labels. Search and edit the attribute table as you type.

02

Measured the local way

Areas in m², hectares, acres or bigha-katha-lessa, plus distances, perimeters and a scale bar.

03

Field to office

Save map areas for offline use, compare satellite imagery back to 2014, and print a titled map or save it as PDF.

USE IT FOR

Village heritage inventories · Condition maps for funders and officials · Spotting encroachment on older imagery · Planning heritage walks · Sharing maps with panchayats and schools

Bring your maps together with us.

Free for heritage societies, museums, schools, cultural trusts and village committees. We'll help you combine your survey files into maps you can share.
